Smoking Screensaver Description: No Smoking Screensaver is a free screen saver easy to install and use. No Smoking Screensaver shows a simple no smoking sign and a scrolling text at the bottom that can be user customized. This screensaver was first designed for use in a local computer fair. It was installed and used on a single computer on the fair main entrance. If you have a few friends who smoke in your room or office, then you will probably know that these people are not very fond of the no smoking sign that you have placed on the wall. We all know how annoying the no smoking sign looks like, that's why it will be easier to remove the sign from your wall than to put it on the wall in the first place. No Smoking Wall Sign Remover is a program that makes it possible for you to remove no smoking signs from walls. The program has a fairly simple user interface. You don't even have to do anything, just double-click on the program icon on your desktop, and start removing the no smoking sign. No Smoking Wall Sign Remover will work great if you have a friend or family member who smokes in your room. The program will allow you to remove no smoking signs from the walls of your room or office in order to prevent others from smoking in the room. The tool allows you to do the job very quickly and easily. It is very convenient to be able to clean no smoking signs from the wall in just a few seconds. The main window that appears during the program's installation will display all the no smoking signs that are found on the wall. You can specify the signs that you would like to remove.
